

COMPANY STATEMENT:

A-Corp Roofing and Construction was established by performing quality construction services based on honesty, integrity, quality craftsmanship, and repeat customer satisfaction. We are committed to building long term relationships with our clients based on these principles and values. We know we must continue using these values every day to prove that we are not just another typical contractor. We are A-Corp Roofing and Construction, professional and experienced.

WHAT WE DO:

- **Install New Commercial Roofing and Provide Preventive Roof Maintenance** – for Flat and Low Slope Commercial Roofing Systems
- **Install Residential and Commercial Roofing** - Shingle Applications
- **Provide Insurance repair services** as related to Structural, Interior & Exterior damages due to Fire, Storm and Water related insurance claims both residential and commercial type housing and structures
- **Remodeling** existing structures both interior and exterior residential housing and commercial office space
- **Additions** room extensions for residential housing

COMMITMENT:

A-Corp is committed to working with you, your family or your business on your next project. We understand that we have something in common with every client and that is in most cases your home or your business is your largest investment in life. We will work with you to renovate, restore and rebuild keeping in mind that we understand you have trusted in our company to work with you on something that is very special and financially important to all of us.
